

South End Terminal (PSA Halifax)

Year to Date: 2024

KPI: < 72 hrs 90%, < 96 hrs 100%

The Halifax Port Authority - in partnership with terminal operators PSA Halifax, Ceres Halifax Inc., and CN Rail - have jointly evolved our management process for greater supply chain velocity and predictability. Terminal Dwell is a Key Performance Indicator (KPI) posted to the Port Operations Centre showing the percentage of containers loaded out to 90% within 72 hours, and to 100% within 96 hours. We also present the traditional weekly average container days-on-dock (DOD). Excludes Temperature Control, Customs and Carrier holds.
